Grand Vin De Graves

Château Brown owes its name to the wealthy Scottish wine trader John Lewis Brown, who settled in Bordeaux in the late 18th century. The owners came and went at Château Brown over the centuries. It was not until the late 20th century that the estate was fully restored to its former eminent position, under the guidance of Bernard Barthe, the master of the château for the last decade.

In December 2004, he decided to place his “life’s work” in the hands of a famous dynasty of wine traders who had been at the forefront of winegrowing in Bordeaux since 1897: the Mau family, in partnership with the Dutch Dirkzwager family.

Set in the oldest Bordeaux wine region – the northern Graves – Château Brown is to be found right at the heart of the world-famous Pessac–Léognan appellation.

JEAN – MARC BROCARD CHABLIS

Jean – Marc Brocard has learned the art of winemaking over many years. In 1973 he chose to settle in Prehy and build his own domain in the vineyards. Over the past 40 years, his wines have become famous throughout the world and the Chablis specialist, has striven, with this precious land, through environment friendly methods, to produce wines of exceptional quality.

Rhone

Founded in 1958 in the heart of the Rhone Valley, Louis Mousset is proud to be part of the best representatives of the Cotes-du-Rhone vineyards. In 1996, Louis Mousset joined Union des Vignerons des Cotes du Rhone concentrating on “Terroir” that produces rich grape varieties and offer a large and prestigious range of wines.

Languedoc

Considered by the wine experts as 'The only Grand Cru of the Midi (South of France)' by Hugh Johnson; 'A Lafite in Languedoc' by Gault & Millau; 'One of the 10 best wines in the world' by Michael Broadbent and 'Exceptional' by R. Parker.

In 1971, the Guibert family discovered a historical farm, Mas de Daumas Gassac, with a unique terroir of unexplained red glacial soil and lutetian limestone, contributing to its reputation as the Grand Cru of the Languedoc. With over 58 estate vineyard plots, organically farmed and hand harvested, each surrounded by the Garrigue Mediterranean forest, nature's balance has been totally preserved in this magical Gassac valley. The two Grands Crus wines have more than 35 different grape varieties, all estate grown with low yields, offering many layers of rare and complex aromas as well as the stunning ability to age.

COTEAUX DU LANGUEDOC

75cl	Picpoul de PINET	2013
------	------------------	------

France

In the short time the Fabre family has owned Château d'Anglès they have succeeded in revealing the true potential of this vineyard, and now have a range of award winning wines to show for their enthusiasm and commitment. Eric Fabre's career includes eight years as Technical Director of Château Lafite Rothschild, as well as taking the lesser known Médoc label, Château La Cardonne, to the highest accolades in only six years.

Developed from the Bourboulenc grape, (also known as Malvoisie) the Château d'Anglès white wines have a pale yellow body with a highly elegant lemony and slightly flinty aroma. The red wines are made from Syrah for its blackcurrant flavours, with Mourvèdre giving them longevity and full bodied tannins and the Grenache Noir adding smoothness. The rosé is made of Cinsault, Syrah and Grenache using the technique known as "bleeding". It is supple and rounded with raspberry and citrus aromas adding to its personality.

Spain

D.O. Rioja

Rioja, in north east Spain, is probably Spain's highest profile wine region. Rioja has traditionally been American oaks most expressive ambassador. The wine is made mostly from Tempranillo grapes although Garnacha and Cabernet Sauvignon are sometimes used as well. The region is divided into Rioja Baja, Rioja Alta and Rioja Alavesa which produces some very fine wines.

BODEGAS SOLAR VIEJO

Solar Viejo was founded in 1937 and is situated in the northern part of Rioja, in Rioja Alavesa, close to the Middle Age village Laguardia. The name Solar Viejo comes from the “Casas Solariegas”, ancestral homes or family seats which are typical in Laguardia. Through generations the winery has had a strong relation with the vine growers. This relation is based on lifelong collaboration and assures the best quality of the grapes. Solar Viejo produces a wide range of products. From young red wines (Cosecha) to the most prestigious Reservas.

D.O. Ribera del Duero

BODEGAS VALDUBÓN

Many of the world's greatest vineyards are associated with rivers. The Duero river in Spain is unusual in that two major winegrowing districts in two counties claim it. In this area there are important changes in the temperature during the day and the night as strange as it may seem the vines actually benefit from this temperature change because it allows them to “sleep” or remain dormant at night.

Today, these wines of Ribera del Duero are respected worldwide for their quality and are accepted as among Spain's very finest, having earned the right to stand on their own vinous feet in a competitive world.

Valdubón wines are renowned as being bold and powerful. The ageing in barrel provides elegance and balance. They are characterised by their cherry colour and noted for being well-bodied wines with a balanced acidity. The tannins and the structure of these wines make them ideal for ageing in cask.

D.O. Priorat

The Priorat region, is an ancient winegrowing region that came close to disappearing until a few stubborn vineyard owners sparked a revival in the 1980's. Now, Priorat wines are among the most recognised and in Spain, D.O. Priorat is getting more famous, modern and trendy according to the wine critics.

Mas de Subira is produced by Viticultores del Priorat. It was founded in 1997 and 100% of the grapes come from their own estate vineyards, located in the hills with altitudes from 150 up to 400 metres above sea level. The small property has only 19 hectares currently in production and the wines come from vines aged from 25 to 40 years old.

Spain

The Casa Sala Winery was built in the grounds of the family Estate by Joan Sala in 1901. Nowadays, the Winery is equipped with the latest technology. In the new biodynamic winery we have tried to retain the best from each generation. Making our cava how it was originally done, but incorporating the latest winemaking technologies.

The idea was to pay homage to the origins of Cava and make the best wine we possibly could. We returned to our roots, unearthing traditional production methods that the industry had abandoned long ago. We restored the classic 1901 wood and iron press from Champagne, and used it to gently press the best grapes from old growth vines on the family estate in Sant Quinti de Mediona. No pumps, no filters; we let gravity do the work, ensuring the juice was unaltered by brusque handling. After undergoing the first fermentation, the wine rested on the lees under cork (no crown caps) for 5 to 8 years, and the bottles were riddled and disgorged by hand, again ensuring minimal disruption. This was Cava in its purest expression.

And so it is with great pride that we present Freixenet Casa Sala. It is the culmination of four generations of dedication; a tribute to Cava's humble origins and a salute to its stellar future. A particularly fine Gran Reserva made from Xarel.lo and Parellada grapes.

Simply put, this is the best Cava we have ever made. Salud!

Clare Valley

O'Leary Walker Winemakers

O'Leary Walker Wines is the culmination of two like minded winemakers that met over twenty years ago. Established in 2001 by David O'Leary and Nick Walker, their philosophy is simple, source the best grapes from the best vineyard sites and craft great wine. Based at Leasingham in the Clare Valley, South Australia, they also source fruit from other premium grape growing districts in South Australia including the Adelaide Hills, Barossa Valley, Coonawarra and McLaren Vale. Their aim is to draw on grape varieties that excel in these different viticultural climates. A new winery that is rapidly gaining a reputation for producing great regional wines at affordable prices.

Clare Valley

BLUE CUTTING ROAD

In the late 1890's the Blue Cutting Road was hand dug by Polish settlers whilst waiting for gainful employment. Blue Cutting Road is situated in the area known today as the Polish Hill River region of the Clare Valley. Not only does this road remain a usable summer bush track connecting two main roads, it dissects the two vineyards that provide valuable, flavoursome fruit for a range of O'Leary Walker wines.

Much of the settlers' influences have filtered throughout the beautiful Clare Valley and many of the fruits of their labours are still evident today. We pay homage to their enduring qualities with this wine.

Eden Valley

The Eden Valley lies within the Barossa Range and consists of river valleys and undulating hills covered with large gums, rocky outcrops and Aboriginal sites. It is a high-altitude area of between 400 and 500 metres, compared with the Barossa Valley's elevation of 200 to 300 metres. This higher altitude, with its (one to two weeks) later ripening pattern, results in more distinctive varietal flavour characteristics, lower pH and higher acidities. Whilst the Eden Valley region is most associated with the white wine variety, Riesling, it produces elegant, tautly structured Shiraz which is highly prized by winemakers.

This Torbreck Shiraz cuvée from the cooler climate, higher altitude vineyards of Eden Valley is skillfully blended with fruit from Barossa Valley which traditionally provides greater richness and intensity. A blend of 44 year old Eden Valley Shiraz vines and 80 year old Barossa Shiraz, The Struie is aged for 18 months in a combination of old and new French oak barriques prior to bottling.

MATAKANA ESTATE

Matakana Estate has been at the forefront of local winemaking since this premium, boutique wine region was first developed some 30 years ago. Like many respected New Zealand wineries, Matakana Estate was established by descendants of Croatian migrants who settled in and around Auckland more than 100 years ago. From the very beginning, the winery established itself as a producer of top quality wines, attracting attention and plaudits worldwide, and winning a number of awards in international wine competitions.

We are situated in the heart of Matakana, a hidden gem of a wine region, which lies between rolling green hills and beautiful sandy beaches less than an hour's drive north of Auckland. Rich in culture, the area attracts many visitors to enjoy its fine wines, local foods, busy markets, and art and craft galleries.

Our philosophy has always been to capture the essence of New Zealand's finest grape varieties from the regions where they grow best, so as well as making wines from our own substantial Matakana vineyards, we seek out limited amounts of premium grapes from selected wine regions further afield to make the very best wines we can.

ACORDEÓN

Estate grown Acordeón is from Finca Ferrer, a 317 ha single estate located in one of the most coveted, extreme terroir elevations of Mendoza.

The heights of Gualtallary region of Tupungato in the Uco Valley insure age-worthy wines of distinct personality.

Acordeón is the result of 5 generations of winemaking heritage and tradition from the Ferrer family. It is now time to share the viticultural bounty that is Acordeón wine.

Stellenbosch

Oldenburg Vineyards is located in the Banghoek (pronounced Bunhook and meaning 'scary corner' due to leopards roaming around in the times past) about 8km from Stellenbosch.

The initial plantings were Syrah and Cabernet Franc and in 2005 the first plantings of the Cabernet Sauvignon and Merlot were seen. By the end of 2007 the remaining vineyards were complete with large parcels of Chardonnay and Chenin Blanc. The maiden vintages were produced in 2007. Oldenburg Vineyards produces smaller quantities of handcrafted wines, only the very best grapes make it to the winery.

GLORIA  FERRER

Gloria Ferrer Caves & Vineyards is owned and founded by the Ferrer family of Spain. Named for José Ferrer's wife, Gloria, the winery opened in 1986 in the breezy, now-famous region in southernmost Sonoma County. The Ferrers, winegrowers since the 1500s, and the owners of La Freixeneda - an 11th century farming estate outside of Barcelona - began Gloria Ferrer with an eager eye for opportunity, continuity and long-term sustainability - as a business and as caretakers of superb Sonoma vineyard land for generations to come.

Today, our vineyard and winery teams have three decades of experience grafting, farming, studying and blending Pinot Noir and Chardonnay in Carneros. This depth of knowledge, combined with more than 25 years of vineyard maturity, are why Gloria's wines are keenly better than ever. Gloria Ferrer wines have been awarded more than 400 gold medals over the last 5 years.
